

Xperia L4

Feb 20, 2020 09:00 GMT

# Sony's new Xperia L4 joins its entry series, bringing 21:9 viewing and capturing

# experiences in a sleek design

- **Sleek 21:9 Wide 6.2” display for more browsability and multi-tasking productivity**
- **Triple camera with bokeh effect for creative expression**
- **Large 3580mAh battery with fast charging support**

**20<sup>th</sup> February 2020**, Sony today announced Xperia L4 – adding a new entry model to its portfolio of entertainment-focused smartphones.

## **21:9 Wide display for sleek design and increased productivity**

New for Sony’s L series, Xperia L4 benefits from a sleek 6.2” 21:9 Wide display that delivers a slender style and fits perfectly in your hand. The 21:9 ratio allows you to see more at once and scroll less, plus together with Sony’s multi-window UI you can launch and enjoy using two apps simultaneously in easy-viewing sizes for both windows. Furthering the ease of use is the Side sense function which provides easy access to your favourite apps.

## **Widen your photography skills**

Xperia L4 is the first product in Sony’s L series to feature a triple camera, offering 13MP main lens, 5MP ultra-wide lens and 2MP depth camera, so you can channel your inner creativity and capture high quality, artistic photos and benefits from a beautiful bokeh effect.

Always get the full picture by switching between the two angles, wide and ultra-wide, offering you the option to capture beautiful landscapes, as well as effortless portraits and everything-in-between.

Camera creativity is also enhanced by the 21:9 display, allowing you to capture videos and images in the dramatic 21:9 aspect ratio.

## **A battery built for life**

The high-capacity 3,580mAh battery with fast charging will easily see you through a busy day, so you can do more of what you love.

Sony’s Xperia Adaptive Charging monitors your phone as it charges, ensuring that the battery isn’t overworked and stays healthy for longer.

## **Availability**

Xperia L4 is available in a choice of two colours, Black and Blue and will be available in select markets from Spring 2020 onwards.
