Tech the halls with gifts from Sony! ~ Have yourself a very techy Christmas, with these amazing products from Sony

Experience the best Christmas hits (or block them out!) with powerful wireless noise cancelling headphones

Sony's stylish and industry-leading headphones make the perfect gift for loved ones this year, with offerings to keep the whole family happy. The brand new and truly wireless [WF-1000XM3](#) in-ear buds offer premium, high-quality sound so listeners can enjoy their favourite Christmas songs.

The headphones feature the HD Noise Cancelling Processor QN1e, that is an

audiophile's dream, accomplishing stunning sound with minimal distortion. The truly wireless design also allows users to move freely without the nuisance of getting tangled in wires, and are specifically designed for improved comfort and stability in the ear – perfect for the Christmas commute. They will also keep you covered for those long car journeys to see family members.

If classic over-ear headphones are more your style, then look no further than Sony's award-winning [WH-1000XM3](#) headphones, delivering exceptional performance in a timeless design. Whether you're loving the festive hits or you'd rather not listen to the same Christmas album for the tenth time (!), the WH-1000XM3 have the ability to cancel out background noise completely – allowing the user to fully immerse themselves in their music. With everyone trying out their new gifts on Christmas day there's no need to part with your beloved WH-1000XM3, as Sony's unique Quick Attention mode allows users to communicate without removing them, simply by holding their hand next to the right ear, whilst Adaptive Sound Control automatical

ly adjusts ambient sound to your surroundings.

Sony has also recently announced its brand new [WI-1000XM2](#), which you can pre-order this festive season. The stable fitting structure with an angled earphone design helps prevent ambient noise from entering the ear while the Dual Noise Sensor technology catches any sound. Combined with industry leading noise cancellation, thanks to the newly-developed HD Noise Cancelling Processor QN1, it provides a new level of silence.

After something to please a fitness fanatic? Then offer them the perfect workout companion with the [WF-SP900](#) headphones. Not only do these headphones have truly wireless connection and 4GB of storage, the waterproof design^[1] means you can take your music anywhere – even in the pool or the ocean!

For those that are looking to add a bit of spice to their holiday wardrobe, then you're in luck with the bold new colour options for the [h.ear WH-H910N](#) overband headphones and NW-A105 Walkman[®]. Stand out from the crowd with five colour designs to choose from – red, black, ash green, orange or blue – and you can mix or match your headphones and Walkman[®] to showcase your style to the world. Fans of festive music during the holiday season can enjoy a boosted battery life and high-quality sound technology

with multi-source music options to stream and download directly to their Walkman®. Supported by Android™[\[2\]](#) with Wi-Fi, the NW-A105 Walkman® grants you access to millions of songs at your fingertips. Stream the latest songs from your preferred provider to experience up and coming artists in their full glory. Plus, you can also access download services directly from the NW-A105 Walkman® to store your favourite tracks on your device, perfect for journeys where there is no Wi-Fi connection.

The [NW-A105](#) also features a vintage cassette tape user interface and screensaver as an ode to the iconic original 1979 Walkman®, giving the impression you're actually playing a cassette. Talking of the classic original Walkman®, for those friends and family members who love the retro style, you'll be pleased to know there has been a release of the [NW-A100TPS](#) Walkman® celebrating the original product's 40th anniversary. This ultimate Christmas gift comes in a specially designed box, but do be quick to buy as it is limited-edition! Both devices offer 26 hours battery life ensuring, that this little gadget makes you look cool, funky and of course classic.

Get those Christmas parties started with Sony's excellent speakers

'Tis the season to be jolly, so why not give the gift of bass this year with Sony's EXTRA BASS marvel, the [SRS-XB32](#). Feel the deep and punchy bass sound of the speaker, all within a compact form and splash-proof[\[3\]](#) design – a definite requirement for those work Christmas parties.

With LIVE SOUND mode, you can enjoy a three-dimensional experience and relive music as if you were at a live venue. What's more, to get the festivities truly in action, engage the Party Booster for all manner of unique lighting and sound effects. You can even get your mates round to amplify the celebrations with the Wireless Party Chain which allows you to connect up to 100 wireless speakers. The ultimate party-proof speaker.

For a colourful and fun stocking filler that can deliver equally big sound, look no further than the [SRS-XB01](#) speaker. With EXTRA BASS sound and available in a variety of striking colour designs including red, yellow, green and blue, the XB01 is an entertaining, yet affordable gift for any music fan.

Stuck for a gift for him? With the resurgence in vinyl, why not opt for the

fabulous [PS-LX310BT](#) turntable, which fuses the much-loved quality sound of vinyl with the convenience and flexibility of connecting via Bluetooth® to a wireless device. Utilise Sony's speaker range to wirelessly recreate classic vinyl tones in today's connected home, and dig out your favourite 7" festive singles and 12" LPs to spin on Christmas morning.

Capture heart-warming memories with Sony's super cameras

The Sony [α6600](#) is the ultimate present for the photography enthusiast amongst your friends and family. Bringing together many of Sony's most advanced camera technologies in a compact and lightweight body, the new [α6600](#) has been designed to address the needs of the most demanding photographers and videographers.

Featuring Real-time Eye AF that automatically tracks the subject, the [α6600](#) frees you up to focus on capturing these memorable festive moments. There is also the all-important 180-degree flip screen which comes in handy when trying to capture the Christmas family selfie.

As part of Sony's 'One Mount' solution for its APS-C and Full-frame cameras, photography enthusiasts have more choice than ever for their photo and video needs. For the creators that are looking for more versatility, Sony's two new APS-C zoom lenses, the [E 16-55mm F2.8 G standard zoom lens](#) and the [E 70-350mm F4.5-6.3 G OSS super-telephoto zoom lens](#), will empower you to create and capture like never before. While compact and lightweight, their features pack a punch – both lenses come with built-in optical image stabilisation, which aids the capture of magnificent images throughout the full zoom ranges each offer. This is especially convenient in the super-telephoto zoom, allowing budding photographers to capture sharp images even at the maximum 5x optical zoom.

Both lenses are highly versatile and can be used for a variety of shooting situations. For the promising street photographer, the 16-55mm offers excellent G Lens image quality and outstanding all-around performance,

meanwhile the versatile 70-350mm is perfect for landscape and wildlife shooting.

Offer loved ones the ultimate all-round full-frame camera this year, with Sony's [X7 III](#) – the perfect gift for the budding enthusiast or the photography pro. With continuous shooting at up to 10fps and a 24.2MP back-illuminated Exmor R CMOS image sensor, this interchangeable lens mirrorless camera is one of the greatest ways to share a passion for photography. Crucial features such as silent shooting and 'Real Time Eye-AF' allow you to capture your loved ones naturally without interrupting the festivities.

Immerse yourself in Christmas time wonderment this year with Sony's BRAVIA

Once all the food and drink has gone, it's time to sit-back and relax with a blazing fire and a classic Christmas movie. Be the Master of ceremonies this season and adorn your living room with the astonishing [ZG9](#) 8K HDR BRAVIA, offering all of your guests the ultimate viewing experience for their Christmas favourites.

Representing the pinnacle of picture quality, the MASTER Series model faithfully conveys the creators' intent in either 85" or 98" screen sizes. The ZG9 ensures Christmas films shine with the best picture quality, colour, contrast, and clarity.

Step it up a notch with Sony's flagship [AG9](#) 4K HDR OLED TV available in 77", 65", and 55" screen sizes. Witness images come to life from your favourite films with the super-wide viewing angle, precise contrast and absolute blacks of OLED technology.

With over 8 million self-illuminating pixels powered by Sony's very own incredible Picture Processor X1 Ultimate, your festive viewing will be taken to another level. The MASTER Series TVs also feature Netflix Calibrated Mode and IMAX Enhanced to further ensure content is delivered as intended. If the food coma gets too much, then take it easy and use your voice to power Google Assistant and access all your favourite content, making the AG9 the smartest way to enjoy Christmas.

Pair your home cinema experience with the surround sound delights of Sony's superb [HT-X8500](#) Dolby Atmos soundbar. Thanks to Sony's Vertical Surround Engine which creates three-dimensional audio, you'll hear and experience your movie soundtracks like never before, and with built-in dual subwoofer for deep bass sound and Cinema Mode engaged, you can relive each timeless classic again and again.

Be in vogue this Christmas with Sony's stylish Wena and FES Watch U offerings

Stuck for gift ideas for your stylish sibling? Well Sony's unique [Wena Wrist Pro](#) and [Wena Wrist Active](#) watch straps are ideal for the fashion-conscious family member, with technology built into the straps to make any watch smart.

Incorporating speedy contactless payments, advanced fitness tracking and direct link-ups for phone notifications, Wena offers the freedom of a truly flexible, and fashionable timepiece that will be treasured forever. Why not treat yourself and kick-start the new year and use the smarts of the Wena Active to get fit and complement your active lifestyle.

For the fashion conscious out there, take your accessories game to new heights this festive season, with the [FES Watch U](#). Powered by Sony, it is the first watch of its kind in the market, bringing together fashion and technology by allowing you to take full creative control over the design. The [FES Watch U](#) utilises award-winning e-Paper technology, which allows wearers to fully customise the design of their watch – to complement their fashion, mood and attitude – at the touch of a button.

Unleash your creative and entertainment potential with the newly announced Xperia 5

Unsure what to get this holiday season? The [Xperia 5](#) will likely be on

everyone's Christmas list this year so you can't go wrong. It combines the best of Xperia 1 in a sleek and compact body, featuring a triple lens camera with Sony's critically acclaimed Eye AF technology from its Alpha™ cameras.

The Xperia 5 is powered by Sony's award-winning BRAVIA® TV technologies with X1™ for mobile engine, bringing HDR (High Dynamic Range) remastering technologies for more contrast, colour and clarity.

It also features an impressive 21:9 CinemaWide™ 6.1-inch Full HD+ OLED display, which is further enhanced by Dolby Atmos®, tuned in collaboration with Sony Pictures Entertainment, providing an immersive entertainment experience for your favourite festive movie or tune, no matter where you are this holiday season.
